

Remaking Viral Trends

In-Class Activity

*This activity is populated in Google docs so classmates can see each other's remakes.

Instructions

1. In your groups, pick a recent viral TikTok from your feed and link it in the Google doc. Try to find the original, where possible.
2. What is the author, audience, and purpose of the TikTok?
3. Remake the TikTok, and write down the new author, audience, and purpose (yourselves being the authors, and the purpose can't be simply doing it for class!).
4. Reflect. How did remixing/remaking the trend change your relationship to the media? Your relationship to the original author? To your peers?
